RE: Certification of High Cost Support for Rural Carriers Pursuant to 47 C.F.R.  
Section 54.314, CC Docket No. 96-45

Dear Ms. Dortch and Ms. Flannery:

The Montana Public Service Commission (Montana PSC) has recently granted competitive eligible telecommunications carrier (ETC) status to Cable & Communications Corporation (CCC), study area code (SAC) not yet assigned or unknown. CCC's ETC operations will be within the rural study areas of Montana incumbent ETCs Mid-Rivers Telephone Cooperative and Range Telephone Cooperative. CCC has properly requested a Montana PSC use-of-funds certification to the Federal Communications Commission (FCC) and the Universal Service Administrative Company (USAC).

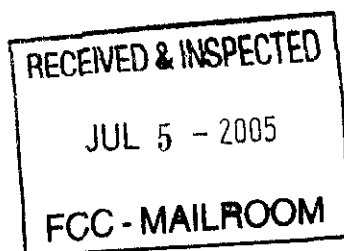

The Montana PSC hereby certifies that all federal high cost support provided to CCC in Montana will be used for and only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act of 1934, as amended. This includes High Cost Loop support, Local Switching Support, and high cost support received pursuant to the purchase of exchanges.

Attached is Montana's 2004 list of rural carriers certified (for 2005 support) by the Montana PSC pursuant to section 54.314 of the FCC's rules (47 C.F.R. § 314). The list is now amended to include CCC. The SAC for CCC is not known.

Sincerely,

  
Greg Jergeson  
Chairman
